

## Corporate Member Rate Program

**For businesses that wish to maintain four or more memberships, BMA offers a special corporate group rate structure.**

BMA is an individual membership organization. However, a special membership rate structure is available for companies who wish to see several of their employees take advantage of the many benefits of membership with the Business Marketing Association.

- Corporate members enjoy all member rights and privileges, including member-only access to information on the BMA web site, [www.marketing.org](http://www.marketing.org).
- All corporate memberships are held by the corporation and not by the individual member.
- BMA corporate memberships are transferable within the respective companies.
- BMA corporate members receive the member rates for all BMA programs.

### Corporate Rates

4 or more members: \$165 per member  
 New Group Application Fee: \$100 per group application

Dues are discounted at the national level only and do not apply to chapter dues.
